Client Company : CCG Constructors LLC (Century)
Arrival Time : 04/22/2022 11:00
Onsite Hours : 04:00

Our AS Engineering and Consulting (ASEC) representative visited the site for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to assure compliance with project drawings/specifications, applicable codes, and materials submittals. The following observations were made on site today.

Upon arrival, it was observed that no work was in progress. The contractor explained that the compactor was down and should be repaired by 3pm. Following a period of stand-by time, the contractor informed our representative that the compactor would not be fixed today.

Kenneth Mosman
