At the request of the client's representative, our AS ENGINEERING AND CONSULTING, LLC (ASEC) representative visited the job site to observe the contractor's work activities from a quality standpoint to assure compliance with project drawings/specifications, applicable codes, and materials submittals and conducted QC testing per the project drawings and specifications. The following observations were made on site this shift:

Our representative was on site to observed the drilling and installation of Helical piles. Following a standby period of 3 hours, the contractor cancelled work this day.

Kenneth Mosman
