On October 24, 2023, Vidal Dias of ASEC visited the 31.8-acre site to clear paths for a proposed development of 53 single-family units with associated parking spaces and open spaces. Two detention ponds are proposed. Activities:

1. Cleared 20 locations on the site for the proposed development.

Observations:

1. During the clearing process, illegal dumping was noticed in areas near the proposed ponds and near B-14.
2. A structure located near B-03 was found to contain several empty buckets labeled to have once contained a flammable substance.
