Weather : cloudy
Departure Time : 07/30/2024 03:45
ASEC Technician Name : Solomon Cherie

As requested, our AS Engineering & Consulting LLC representative arrived on site to observe/perform the following activities:

1. Stripped beams casted in previous concrete placement.
2. Air, temperature, slump and unit weight tested for the first truck placement.
3. Performed air content, temperature, slump and unit weight tests followed by the casting of seven test cylinders at the placement of 117 cubic yards.

Kenneth Mosman
