

Date : 04/23/2025
Project No : 2024C213
Client Company : WDG
Arrival Time : 04/23/2025 11:00
Onsite Hours : 03:30

ASEC Report ID : 80447
Name of the Project : Covington Town Center PH II
Project Location : Covington, GA
Weather :
Departure Time : 04/23/2025 14:30
ASEC Technician Name : Solomon Cherie

As requested, the site was visited by our AS Engineering and Consulting (ASEC) representative for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to verify compliance with project drawing/specifications, applicable codes, and materials submittals. The following observations were observed on site this day.

Both a soil sample and the concrete test cylinders cast for the footings were transported to our laboratory for compressive strength testing. The soil sample with have a Moisture-Density relationship (proctor) performed and a Wash #200 test performed.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you.

Soil sample submitted to WSP

Cylinders casted submitted to WSP
