

Date : 06/24/2026
Project No : 2026C136
Client Company : RS Homes
Arrival Time : 06/24/2026 08:00
Onsite Hours : 9:00

ASEC Report ID : 95495
Name of the Project : Collett Farms Storm Line & Pavement
Project Location : Canton
Weather : sunny
Departure Time : 06/24/2026 17:00
ASEC Technician Name : Samara Simha Reddy Kandi

As requested, the site was visited by our AS Engineering and Consulting (ASEC) representative for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to verify compliance with project drawing/specifications, applicable codes, and materials submittals. The following observations were observed on site this day.

For the road area, the crew placed fill material using an articulated dump truck. The material was spread with a crawler bulldozer and compacted using a sheep-foot roller. Density tests were performed on the compacted fill, and the test results met the required compaction criteria.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you.
