

Date : 08/14/2026
Project No : 2023C159
Client Company : CW Matthews
Arrival Time : 08/14/2026 8:00
Onsite Hours : -4:00

ASEC Report ID : 96944
Name of the Project : Airfield Repairs 2021-23
Project Location : HJIA, Atlanta, GA
Weather : clear and sunny
Departure Time : 08/14/2026 4:00
ASEC Technician Name : Narayana Ganesh Undavalli

As requested, the site was visited by our AS Engineering and Consulting (ASEC) representative for the purpose of providing quality control inspection and testing services. Visual observation techniques were employed to verify compliance with project drawing/specifications, applicable codes, and materials submittals. The following observations were observed on site this day.

LOCATION: TAXIWAY - GOLF TOWARDS NORTHEAST DIRECTION.

The crew commenced work on cleaning the manhole located at the bottom of the slope utilizing a vacuum truck.

Following the cleaning process, the team excavated soil from the top of the slope down to the manhole and excavating a trench suitable for the installation of a 12-inch corrugated drainpipe. The crew then placed miscellaneous concrete around it. After the concrete cured, the crew covered the area with soil and compacted it.

We appreciate the opportunity to be of service to you on this project. If you have any questions regarding this report, please feel free to contact us. We will be more than happy to discuss it with you.
